“ Paul Gerold

We were a close nit group that always did things together. Some not so smart and others not to be proud of, but back in our hay day nothing seemed to matter anyway. We had lots of fun and laughs that I will always remember. He'll be missed but our memories will continue to go on.

“ I have more memories than I can count and all within the short span of my sophomore year, which was Dales' senior year. After that we lost touch till about 2 years ago through the magic that is FB we reconnected. I remember Dale as part of what I affectionately called The Three Musketeers (Dale, Bill Shook, and Paul Gerald). Dale was the quite one but he could be sooo funny. He was like a puppy that you just wanted to cuddle and take care of. I will miss him greatly!! God Speed Dale, and all my thoughts and prayers to your family.

“ Dale was always a smart little guy in the beginning...to me he was very intelligent and knew exactly what he was talking about.. although he had health issues it never seemed to slow him down..I can remember aunt Millie yelling at him to sit down so he could breathe because we were playing..and we didn't sit and play we ran and played....grown up I can remember a time I had a post about parrots and we spoke through Facebook about birds as I also own parrots...i am sorry that you left us so soon Dale...I will pray for you and your family and know that you are no longer sick...that you are with your mom once again...

“ Dale will always hold a special place in my heart, which is aching. I loved connecting with him, and only wish we had more time. I will miss our talks greatly.
