“

I knew Dennis from Bettcher Industries, where we were both engineers. What most impressed me about Dennis were his positive attitude and his enthusiasm.

“ Dearest Kelly,
He died the Friday after Easter, the Friday before the beautiful feast of Our Lord's Divine Mercy, a time we are celebrating resurrection and redemption. Surely, our dear Savior and Lord has welcomed him into his loving arms. May you find strength and peace in Our Lord now and always.
Deepest sympathy,
Uncle Phil and Aunt Peggy

“ I was in the same high school class as Dennis. I didn't know him well as we grew older but I have a fond memory of him from our childhood that I just shared with my boys about a week ago... In 6th grade, Dennis and I met regularly for a while before school started to work together on assignments. Star Wars was a big deal at the time and he had a small windup R2D2 toy he was very fond of. When our sessions were over, he gave that R2D2 to me, which I considered a big sacrifice at the time :) It was a gesture I very much appreciated and, 40-some years later, I still remember! When I think of Dennis, the word "kind" immediately comes to mind.

I'm very sad to hear of his passing and my sincerest condolences go to his family! I'm so sorry for your tremendous loss and I wish you much comfort in your beautiful memories together to help carry you.

“ I will always remember how smart he was and his wonderful sense of humor. When he was around, we were always laughing.

“ Trying to sit here and think of the best memory but i just can't. This man made everything better. Adjusting to life without him is going to be very hard but I am so blessed that every memory I have with him is an amazing one. I love you dad.

“ There are few people that come into your life who make such a long lasting impression. But with Dennis, we will always cherish his quick wit, positive outlook and his amazing passion to live life on his own terms. We miss our neighbor very much, and our sincerest thoughts and prayers are with the family.
